

City of Warden, Washington

PARKS, RECREATION, &
OPEN SPACE (PROS) PLAN

Community Engagement Workshop

The City of Warden is updating its Parks, Recreation, & Open Space Plan and needs community input! Please join us for an in-person public meeting, led by WSU Students through the Rural Communities Design Initiative (RCDI) and SCJ Alliance Consulting, to help shape the future of parks and recreation in Warden!

Can't make it in-person? The City is also releasing a PROS Plan Survey where participants can identify park improvements and desired locations. Scan the QR code to the right to access the survey.

PROS PLAN SURVEY
